## **OTHER IMPORTANT INFORMATION:**

This procedure note is designed for Licensing Sub-Committee hearings relating to applications made under the Licensing Act 2003.

Hearings will take place for all applications where objection has been made to an application, this could be a grant or a renewal. This person is referred to as the applicant. Reference to an applicant or objector includes their representative if they have one.

Parties may have assistance from another person or a representative at the hearing who may or may not be legally qualified. All parties must give the Council at least 5 working days notice in writing of whether<sup>(3)</sup>:

- they or their representative intends to come to the hearing
- they are making a request for permission to bring any other person to speak at the hearing, or
- they consider that a hearing is unnecessary.

Any additional material, evidence or papers, to be introduced by any party must be sent to the licensing section in advance of the hearing. Material produced at the hearing will only be allowed with the consent of all the parties.

All parties must read all the papers before the hearing takes place.

Parties should present themselves to reception at the designated meeting place at least 15 minutes before the hearing and ask for the licensing officer. If there is more than one hearing parties may have to wait to be heard and are thanked for their patience in advance.

The Sub-Committee may proceed in the absence of any party on a failure to attend unless it considers it to be in the public interest to adjourn to a specified date and if it does proceed will take into account any written information that has already been presented.

Hearings will be open to the public unless they are considered to be exempt in accord with regulation 14(2) of the Licensing Act 2003 (Hearings) Regulations 2005. .

Although there are no rules on how long any party can speak for, parties will be stopped from speaking if they are being repetitive or raising matters irrelevant to the matter at hand. The sub-committee will only be interested in hearing about the matters which the police or other objectors have made representation about (as set out in the report to the Sub-Committee) and they will not consider those parts of the application which are not disputed.

Equally the sub-committee can only hear representations which are relevant to the licensing objectives – i.e. issues related to crime and disorder, public safety, public nuisance and the protection of children, a point is best made if it is made concisely and directly.

If any party has been given notice under Regulation 7(1)(d) of the Licensing Act 2003 (Hearings) Regulations by the Council that clarification on any particular point is wanted then that party may give that further information in support of their application, representations or notice (as applicable).

(3) Note that in the case of a hearing under s.48 (3) (cancellation of interim authority notice following police objection or s.105(2)(a) (counter notice following police objection to a TEN) the notice period is 1 working day.

If there is more than one objector making the same or similar points they will be asked to appoint a spokesperson to speak on their behalf to prevent repetition.

In order to ensure that all parties receive a fair hearing, this procedure may be waived, altered or modified by the Sub-Committee only provided the Licensing Act 2003 (Hearings) Regulations 2005 can still be complied with.

If any party has any special needs regarding access, hearing or vision, this should be brought to the Licensing Officers attention prior to the hearing in order that appropriate provision may be made in advance if required.
