

2023/24

**Fourth Quarter
Procurement
Review**

1. Introduction

- 1.1 A key element of achieving continuous improvement and meeting efficiency and savings targets is to ensure that the Council is achieving best value through its sourcing activities, through effective and compliant procurement practices.
- 1.2 The previous Procurement Strategy was developed in 2014 to ensure that its objectives linked closely with the Council's overall strategic vision and aims and objectives. The key actions included, delivery of cashable savings, development of a professional Procurement unit, updated Procurement Rules to support transparency and the implementation of electronic tendering processes and procurement systems. All of which have been achieved.
- 1.3 The revised Joint Procurement Strategy is now approved. The revised strategy, covering 2022-2025 will focus on the following key objectives to support the aims of the Council's Corporate plan and align with the LGA National Procurement Strategy:
 - Delivering Value for Money
 - Commercial focus and effective Contract Management
 - Maintaining Transparency and Ethical practices through effective leadership
 - Promoting Responsible and Sustainable Procurement
 - Supporting the Local Economy and Business Growth
 - Delivering Social Value (CSR) through our Contracts
- 1.4 The Council will work to achieve these priorities by adopting and implementing the following key themes which underpin and will drive the strategy forward over the next three years:
 - Showing Leadership
 - Behaving Commercially
 - Achieving Community Benefits
 - Environmental Sustainability
 - Ethical Sourcing
- 1.5 In addition to the deliverable actions as detailed in the revised Strategy, during 2023/2024 we will be focussing on preparing a revision to the current Procurement Procedure Rules which govern our own internal regulatory framework for contracting. The current procedure rules were refreshed in 2017, which incorporated changes to requirements for contract award authorisations and procedures appropriate to varying spend thresholds.
- 1.6 Revision to current procedures are required to enable less restrictive requirement practices which will directly support the strategy's key objectives ie to support local, achieve community benefits and support our climate change actions.

2. Fourth Quarter Completed Procurements

2.1 The activity supported by the Council's procurement team for the fourth quarter 01 January 2024 to 31 March 2024 is summarised below:

Fourth Quarter	High Value (> £181,000)	Low Value (< £181,000)	Total
HPBC Only	0	7	7
JOINT (SMHP)	1	7	8
TOTAL			15

2.2 Annex A provides details of the procurement exercises completed during Quarter four.

3. 2023/24 Procurement Forward Plan

3.1 The table below details the number of exercises which fall into either low or high value (profiled over full contract term) remaining and scheduled for either completion or starting in 2023/24.

2023/24 Activity	High Value (> 181,000k)	Low Value (< £181,000k)	Total
HPBC	3	12	15
JOINT (SMHP)	1	29	30
TOTAL			45

In addition to the above, there are a further 40 listed (recurring and future contracts requiring procurement) items brought forward from previous years (for review and completion for both HPBC and SMDC combined).

3.2 Some of the more significant 'high level' procurement activity that is scheduled for support and delivery in 2023/24 into 2024/25 includes:-

- Leisure Transformation programme support
- UK Shared Prosperity Fund programme support
- Glossop Markets & Creative / Business space Operator Concession
- Future High streets –Revitalising Buxton (Consultancy / Development Partner)
- EFG Greener homes HUG2 Decarbonisation (off Grid) funding
- IT / Transformation project support (inc. new Intranet / Finance system upgrade)
- Insurance Contract
- Elections Stationery and Canvass Service Contract
- Hybrid Mail Inc Annual Billing Contract
- Arboricultural works Contract

Transforming Public Procurement Reforms

- 3.3 The Procurement Bill, which will reform the existing Public Sector Procurement Rules, has been approved through Parliament. The reforms will;
- create a fully transparent public procurement system, through a central digital platform;
 - aim to create a simpler and more flexible, commercial system that better meets our country's needs while remaining compliant with our international obligations;
 - open up public procurement to new entrants such as small businesses and social enterprises so that they can compete for and win more public contracts.
- 3.4 The Bill has now received Royal Assent and is now the Procurement Act 2023 which has now initiated a six month comprehensive learning and development programme for public sector Contracting Authorities co-ordinated by the Cabinet Office.
- 3.5 The Procurement team have been working to complete several hours of online training through the Cabinet commercial college as part of the national roll out programme for learning and application in practice of the new regime.
- 3.6 Under the new Act there will be an increased focus and reporting requirements for contracts once executed. New requirements for publication of actual contract documents, performance monitoring and notices required for contract change modifications for high value contracts over £5m (total contract value) will be mandatory. There is however, a more flexible approach to how we procure for above threshold contracts, namely the standard open procedure remains and the new Competitive Flexible procedure replaces four of the existing procedures into one which permits contracting authorities to design their own exercise subject to the complexity and proportionate to the future contract.
- 3.7 A separate information digest report will be presented to summarise the key changes and what will be required during the transition period post 28 October 2024 when the new regime will be effective from. Above threshold contracts procured up to that date will be subject to the current regime.

4. Procurement Performance

- 4.1 This section reports on the Council performance in terms of its procurement activity.

4.2 Performance for the fourth quarter is highlighted below:-

Performance Indicator	Target	Performance at 31 March 2024
Annual contract spend as % of gross expenditure budget	2% improvement to 22/23 (94%)	93%
Performance at 31/03/2024 (Annual)		
Supplier (Creditor) spend within the local area as a % of total spend	8% (2022/23)	7.5% (2023/24)

4.3 Procurement are scoping a wider review of reporting data on local supply chain spend with the Council's controlled companies Alliance Environmental Services and Alliance Norse Ltd to be included in future reports. We aim to have detail of spend profiles in the local context for the first quarter report for 2024/2025.
