- 1. Reason for the Report**
 - 1.1 The purpose of this report is to update the above existing policies.
- 2. Recommendation**
 - 2.1 That the Committee recommend the approval of the updated policies.
- 3. Executive Summary**
 - 3.1 The above policies have been updated to reflect any changes made by the Government around reliefs for Business Rates, Council Tax discounts and premiums.

3.2 The Corporate Recovery Policy has been updated to include information about the signing of the Citizens Advice Council Tax Protocol and the increase in summons costs from 1 April 2024.

3.3 These policies include all mandatory and discretionary reliefs for completeness and the process for recovery action following non-payment of Council Tax, Business Rates, Sundry Debt and Benefit Overpayment. Each policy is designed to provide guidance to officers, residents and business ratepayers.

4. **How this report links to Corporate Priorities**

4.1 Aim 1: Supporting our communities to create a healthier and safer High Peak.
Review the Debt Recovery Policy to ensure recognition of vulnerable people

Aim 5: A responsive, smart, financially resilient and forward thinking Council.
Ensure our future financial resilience can be financially sustainable whilst offering value for money

5. **Alternative Options**

5.1 The recovery of Council debt is statutory with some areas of discretion. There are no options in regard to mandatory reliefs and discounts available as set by Government. However, Government allows Authorities to make discretionary decisions in respect of the amount of Business Rates and Council Tax due.

7. **Detail**

- 7.1 Council Tax and Business Rates is a form of local taxation which is the main source of revenue for County Councils, Borough Councils and Local Parish Councils. The tax is a way for local people and businesses to contribute to the area where they live or work by helping to meet the cost of providing a range of local services. There are several reductions to reduce the amount of Council Tax or Business Rates paid, and it is important that these are made available to the public and awarded to those eligible.
- 7.2 Council Tax is payable by most adults who are resident or own properties within the District. Each property is placed into one of eight Council Tax bands (A-H) by the Valuation Office.
- 7.3 Business Rates, also referred to as Non-Domestic Rates, are payable by businesses. Local authorities collect the rates and a percentage of the money collected is retained to support the local economy. The amount a business pays is dependent upon the rateable value of the property which is determined by the Valuation Office.
- 7.4 Income is also generated from services that the Council provides, referred to as Sundry Debt. A list of the services provided is contained within the policy with this report.
- 7.5 The Council has a duty to recover any overpayment of Housing Benefit where overpayments arise through changes in benefit entitlement. The Council has processes to minimise overpayment and to ensure that, where they do occur, they are identified promptly and, if recoverable, this is done using the most appropriate method of recovery. In all cases, where an overpayment has arisen, the Council will consider whether an official error has caused or contributed towards the overpayment.
- 7.6 The Corporate Recovery Debt Policy allows us to bring all the individual debt collection processes within one document, to provide guidance for staff and to give transparency to our customers about how the Council will collect and recover outstanding debt.
