Appendices Attached – Appendix A (Draft Medium Term Financial Plan 2025/26 to 2028/29)

1. Reason for the Report

- 1.1 This report presents the Council's updated draft Medium Term Financial Plan (MTFP). The MTFP presents the Council's priorities in the context of the likely resources available, providing a financial context to future decision-making. It is reflective of the current financial position of the Council part way through the 2024/25 year and contains a large number of assumptions that will be refined and quantified to inform a final version of the MTFP for approval in February 2025. To this extent, this report and its contents should be considered indicative.

2. Recommendation

- 2.1 That members of the Committee endorse the updated draft Medium Term Financial Plan (Appendix A) with the recommendation that it should proceed to Executive for approval prior to being refined in advance of full approval in February 2025.

3. Executive Summary

- 3.1 The medium-term financial planning process provides the Council with the opportunity to plan its delivery of public services in accordance with local priorities and against the backdrop of unprecedented annual public sector financial constraint.
- 3.2 The Medium-Term Financial Plan (MTFP) is updated in accordance with the budget cycle. This version of the MTFP presents the Council's finances over a four-year period, namely 2025/26 to 2028/29. At this stage, the plan should be

considered as draft and subject to change as more information becomes available. It sets the context for the preparation of the 2025/26 budget which will need to be approved by the Council in February 2025.

3.3 The draft Plan provides:

- Details of current budgetary provision and Strategic Priorities.
- A focus on the transformation programme and the consequential financial implications, including the capital programme and efficiency programme.
- Updated inflation and interest assumptions using the latest forecasts and the impact of changes in budgetary demand and funding.
- Details of areas of changed budgetary demand and risks that will impact on the Council's financial position.

3.4 As is typical at this stage of its production, the draft MTFP remains unbalanced and awaits the development and refinement of a large number of current assumptions and, significantly, the outcome of the Local Government Financial Settlement which is not expected until late December 2024.

3.5 This draft version of the MTFP sets the context for the development of the 2025/26 Budget. Members will receive a further update of the MTFP to consider the final budget proposals in February 2025. The following actions will be completed to ensure that these proposals are robust:

- Continuation of the transformation programme, reflecting the need to address the financial pressures being experienced.
- Revision of the Council's Capital Strategy and further update of the Asset Management Strategy building on the outcome of Condition Surveys.
- Development of detailed budget plans for 2025/26.
- Determination of the level of Council Tax over the life of the Plan, reflecting Government capping/ referendum levels.
- Determination of the level of Rent increase to be applied next year.
- Further development of detailed proposals for fees and charges increases.
- Review of reserves and balances.
- Continue to monitor the ongoing issues arising from inflation, utility market volatility and Government spending pressures on funding levels.

3.6 Alongside the Budget and MTFP presented in February 2025, a Capital Strategy will also be presented for approval together with an updated Procurement Forward Plan.

4. How this report links to Corporate Priorities
