- 1.1 Accounts and Audit Regulations 2015 requires the Council to “undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance”. In accordance with the Public Sector Internal Audit Standards, the Audit Manager must report periodically to the Audit Committee on the internal audit activity’s performance relative to its plan.

**2. Recommendation**

- 2.1 That the committee note the progress information contained within this report.

**3. Executive Summary**

- 3.1 The purpose of this report is to summarise performance information for the Council’s Internal Audit service for the 2024/25 financial year. 3.2 All audit recommendations have been agreed, and to date 100% of 2024/25 audit recommendations that are due have been implemented. Where deficiencies in internal control have been identified and not corrected, Internal Audit is satisfied that they will be resolved in an appropriate manner and will continue to monitor such cases. It should be noted that it is the responsibility of relevant Managers to implement agreed recommendations.

## 6. Detail

### 6.1 Introduction

6.1.1 The purpose of this report is to summarise performance information for the Council's Internal Audit service for the 2024/25 financial year. This includes a breakdown of audits in progress and completed to date, the number and classification of recommendations made, agreed and, where applicable, implemented by management.

6.1.2 The work of the internal audit service is primarily based upon an annual risk-assessed audit plan, that, for the financial year 2024/25, was agreed by this Committee at the 5<sup>th</sup> June 2024 meeting. The Internal Audit service also carry out work outside of the audit plan for which a contingency is usually built in. This unplanned work consists mainly of internal control consultancy work and special investigations into suspected fraud and irregularity.

### 6.2 Audits Reports Issued & Status of Agreed Recommendations

6.2.1 A summary of the Audit Reports issued during the period 1<sup>st</sup> August 2024 to 30<sup>th</sup> November 2024 is shown in the table below. Further detail of these audits outlining key issues and strengths and improvements is shown in **Appendix 1**.

Service	Audit	Recommendations			Assurance
		High Risk	Medium Risk	Low Risk	
Assets	Alliance Norse Contract Management	0	4	8	Satisfactory
Finance	Expenses & Employee Vehicle Schemes	0	5	13	Limited
Housing Services	Housing Rents	0	1	2	Satisfactory
Democratic Services	Corporate Governance	0	0	8	Satisfactory
Customer Services	Complaints, Compliments & Comments	0	2	9	Satisfactory
Finance / Revenues & Benefits	ICT - BACS Transmissions	0	1	3	Satisfactory
Development Services	Planning Policy	0	3	5	Satisfactory

6.2.2 A further breakdown of all of the audits in progress and completed during the current financial year, including the current status of audit recommendations is detailed in **Appendix 2**. All audit recommendations have been agreed and, to

date, 100% of 2024/25 audit recommendations that are due have been implemented. Where deficiencies in internal control have been identified and not corrected, Internal Audit is satisfied that they will be resolved in an appropriate manner and will continue to monitor such cases. It should be noted that it is the responsibility of relevant Managers to implement agreed recommendations.

6.2.3 Councillors will note that in addition to every individual audit recommendation being allocated a risk, every audit completed has been given an ‘assurance opinion’ based upon Internal Audit’s assessment of the internal control environment. These assurance opinions inform the annual audit opinion on the overall adequacy and effectiveness of the Council’s internal control environment. The control levels are defined as follows:

Control Level	Definition
Substantial	There is a robust framework of controls designed to achieve the objectives and controls are consistently applied.
Satisfactory	There is a sufficient framework of controls which for the most part, are consistently applied. However, weakness in the design or inconsistent application of controls within a few areas put achievement of particular objectives at risk.
Limited	Weaknesses in the system or the level of non compliance with controls in a number of areas are such to put the system objectives at risk.
Unsatisfactory	There is a significant breakdown in the framework of controls, which leaves the system open to significant abuse or error.

6.2.4 **Appendix 3** is a summary of recommendations made in the previous financial year 2023/24 implemented to date. This information will keep Councillors informed of progress made to ensure that all previous year audit recommendations are implemented. Due dates for implementation of some previous year recommendations will fall into 2024/25 and beyond depending on when the audit was undertaken and this appendix will show when those recommendations become due for implementation. In due course, all recommendations will fall due and it will be possible to identify which recommendations have not been implemented.

6.2.5 To date, 94% of 2023/24 audit recommendations that are due have been implemented. Where deficiencies in internal control have been identified and not corrected, Internal Audit is satisfied that they will be resolved in an appropriate manner and will continue to monitor such cases. It should be noted that it is the responsibility of relevant Managers to implement agreed recommendations.
